

Summer 2

Dear Parents,

I hope you have enjoyed a lovely half term break and the children return refreshed.

Hopefully we will now have a half term with lovely weather and be able to do even more learning indoors and outdoors. Please always send your child with a coat so we can still get out even if we have the odd shower.

We are focussing on consolidating our maths skills and subtracting and adding as well as practising number patterns and counting sequences. In English we will be pushing the formation of the handwriting alongside phonics for writing. The children have all made super progress so we want to take this one step even further.

Please use Letterjoin to practise handwriting.

Practising handwriting with phonics and reading daily will really support your child to progress in their learning. We will be preparing for the move to year one as the half term progresses so the children are ready and have confidence as they move forward in their learning.

We will be exploring the world around us including creatures, life cycles and change. We will be doing more with IT, field work and recording our thinking.

If you have any questions please do not hesitate to get in touch.

Kind regards

ARussell
