

Mathematics

We will be focusing on:

Place Value

Addition and Subtraction

We will compare numbers, order numbers and estimate numbers on a number line. We will also find the difference, explore fact families and complete missing number problems.

Religious Education (RE)

Our Religious studies will be based around family (beginnings)

We will focus in particular on the Creation Story and celebrate God's love each new day.

We will also have work based around Baptism (Signs and Symbols). We will think about welcome signs and actions during Baptism.

English

We are looking at animal adventure stories. Our focus text is 'The Way Home for Wolf'. The children will learn exciting vocabulary and will write their own wolf character poster, an innovated narrative and an information poster. Y1 will continue with Phonics, using and applying lots of new letters and sounds. (Phase 4&5). Y2 will begin Red Rose Spelling.

PSHE

In PSHE we will be focusing on how loving each other makes us strong. The children will learn that when we help and love one another with all our strength we can do much more.

Science

In Science this half term we will be learning about materials. We will identify everyday materials and describe physical properties by touching different objects. We will perform simple tests to find out which materials would be suitable to make a house from. We will distinguish between an object and the material it is made from.

Year 1&2
Autumn 1
2024

Design and Technology

In DT we will be building structures and exploring how we can make them stronger and more stable. The children will explore, plan and make a chair for baby bear and then be able to evaluate their final pieces.

Physical Education (P.E)

In P.E we will be learning gymnastics, the children will demonstrate a sequence using travel and 3 balances. This year the children will also be taught P.E by Burnley Football Club.

Computing

In Computing we will be focusing on coding. The children will learn about algorithms and how important instructions are. They will use codes to plan and make a computer program.

Music

Charanga: Round and Round. We will focus on combining pulse, rhythm and pitch. We will continue to embed the interrelated dimensions of music through games and singing.

Geography

We are going to be exploring weather patterns. The children will learn the names of different clouds and explain what they tell us about the weather. We will investigate why it rains and how we know how fast the wind is blowing and where it is coming from. Finally, we will gather our own data on the weather.
